

MMS Community Council Elections Held

The Middle School Community Council would like to welcome its newest members who will be serving their terms from September 2011 to September 2013. They are Andrea Brooks, Cyndi Flitton, and Pamela Reeder.

Although there were only two council seats open, there was a three-way tie after counting all validated ballots. After referring to the rules governing the community councils, it was decided to extend the invitation to all three candidates to serve on the council. Rules state only that community representatives must have at least one more member on the council than the number of school personnel. This also helped avoid the added inconvenience of a run-off election among the three candidates.

Our sincere thanks to all community members who participated, and especially to those who submitted their names for the elections. There has been a great deal of interest and participation in the schools, and we look forward to a rewarding year working in behalf of all of our students.
